**** If the answer to any of the above questions is yes, you will need to call the Controller's office @ 294-5471 prior to mailing the required information. ****

We will need a copy of the paperwork from your veterinarian showing proof of your pet's current rabies vaccination and if your pet is spayed or neutered. To receive the discount for a microchip, we must have a copy of certificate or information from the veterinarian's office.

To be eligible for the three year license, your rabies vaccination must expire within the same year as the pet license.

You may mail this completed application along with the paperwork from your veterinarian for each animal being licensed and your check for the fees made payable to City of Elkhart. Upon receipt, your application will be processed and the license and tag will be mailed to you.

If you prefer to come in person to the Controller's office for licensing, please see the map on the back.

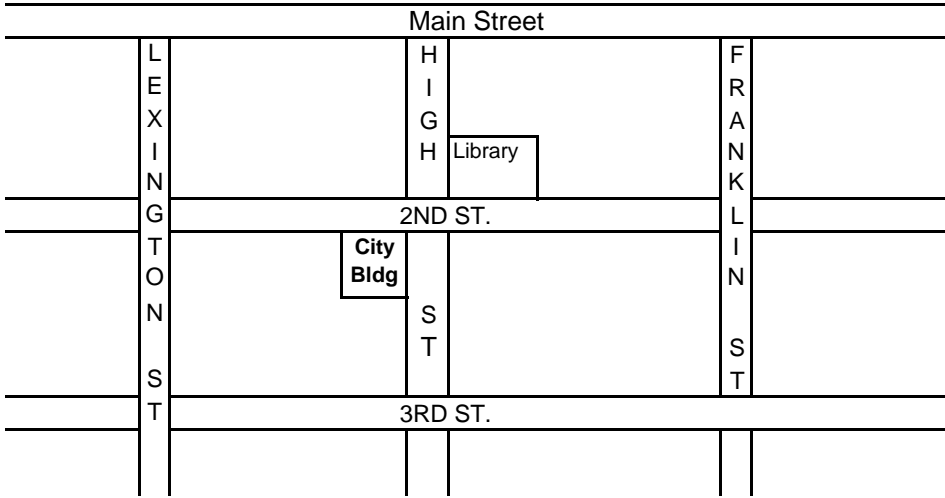

Please call with any questions, you might have.

Thank you.
